LETTER

Dear Sir:

A patent application for a Method for Forming Multilayer Release Liners and Liners Formed Thereby, a Submission of Processing and Retention Fee, a Certificate of Mailing by Express Mail, and a return prepaid postcard were mailed by express mail on March 22, 2000. On December 1, 2000 and again on May 1, 2001, Status Letters were sent to the Patent and Trademark Office in view of the fact that the only thing received since the filing date was the return postcard stamped with a March 22, 2000 date, but no serial number as assigned noted thereon. No replies to the Status Letters have been received.

Also, “Sartor” was listed as the first inventor on the transmittal document with the original application as filed. Wen-Chen Su is correctly the first inventor as this Letter and the original Certificate of Mailing indicate.

In accordance with 37 C.F.R. § 1.10, Applicant submits herewith copies of the patent application, transmittal sheet therefor, and associated papers, along with a copy of the Express Mail receipt showing the actual date of mailing and a verified statement from the person who

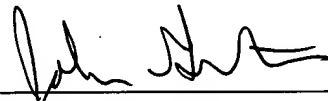

Filed : **March 22, 2000**

mailed the application and associated papers averring to the fact that the mailing occurred on the date certified. Accordingly, the enclosed application is entitled to a filing date of March 22, 2000. If, however, any questions remain, the Examiner is cordially invited to contact the undersigned so that any such matters may be promptly resolved.

Respectfully submitted,

KNOBBE, MARTENS, OLSON & BEAR, LLP
